# Recycling in Europe

# Poland in numbers - Paper and board consumption 2015–2016

	Specification	2015	2016
1.	<i>Paper and board production ('000 t)</i>	4.399,3	4.644,0
2.	Imports of paper and board, paper and board products, printed paper ('000 t)	4.305,6	4.367,3
3.	Exports of paper and board, paper and board products, printed paper ('000 t)	3.718,2	3.852,8
4.	<i>Total paper consumption ('000 t)</i>	4.986,7	5.158,2
5.	Population (m)	38,4	38,4
6.	<b>Annual per capita consumption (kg/1p)</b>	<b>129,9</b>	<b>134,3</b>

# Poland in numbers - PfR

In 2016, Poland used around 2,413,800 t of paper for recycling for the production of around 2,051,700 t of recycled pulp (both de-inked and undeinked).

2,682,000 t of PfR were collected from the market.

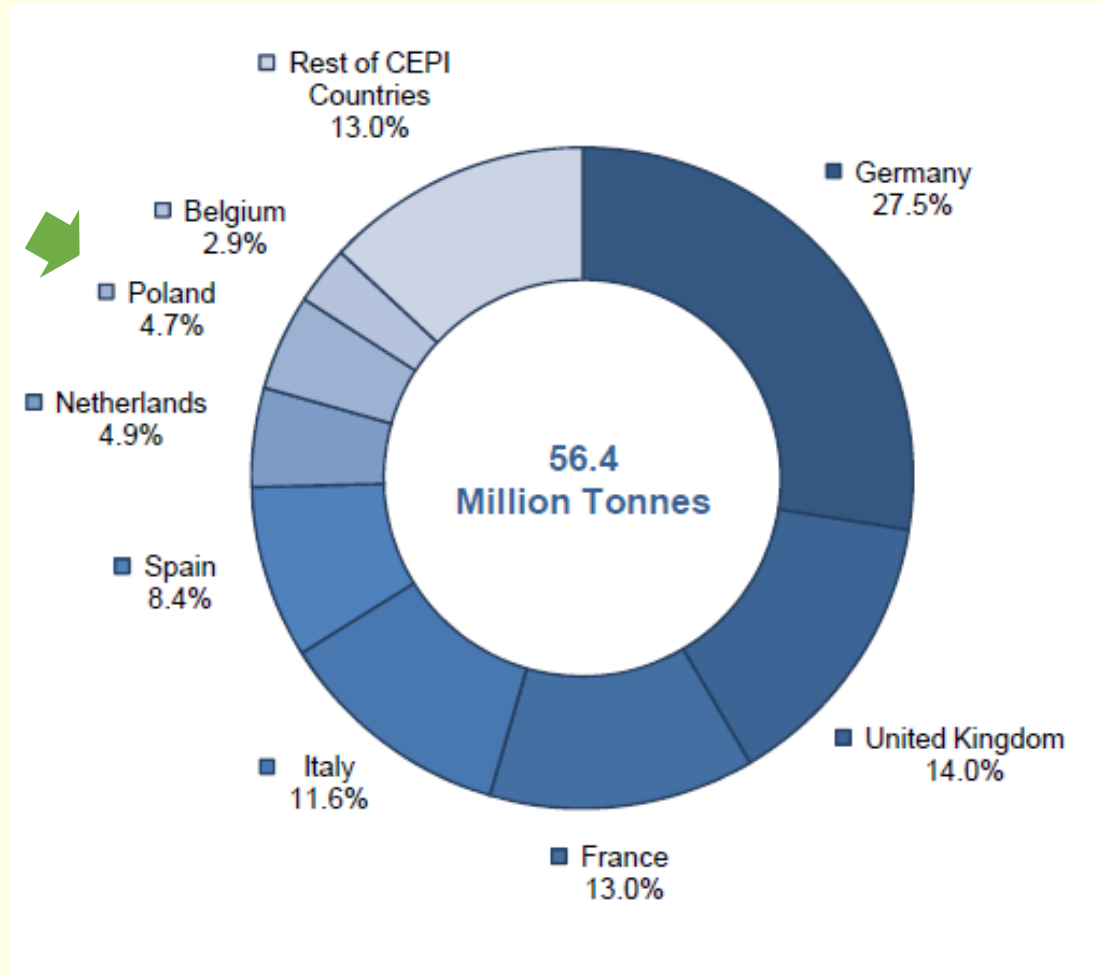

# Recycling in Poland in comparison with other EU countries - 2016

# Collection of PfR in Poland -2016

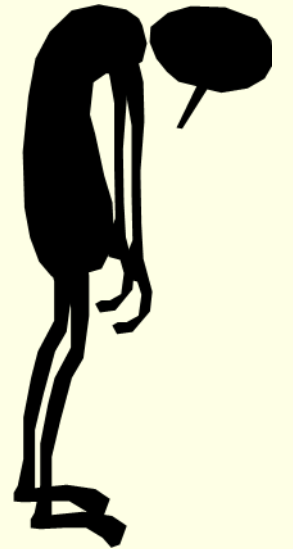

Collection 2682 000 t  
Collection rate 52%

# PfR collection – Polish practice

In Poland the common practice was that the comingled collection was defined by municipalities as separate collection !!!!

Effect: Poor quality and problems with the PfR availability

# Legislation in Poland -milestones

**2013** – the obligation and definition of separate collection

**2017** – standards of separate collection

# IMPACTPapeRec

- 👍 **Poland is one of the target countries**
- 👍 **Improvement and support of the separate collection schemes**
- 👍 **Prevention of incineration and landfill**
- 👍 **Building awareness of local administration**
- 👍 **„Handy” handbook**
- 👍 **More secondary raw material – better quality**
